Dear Ms Cvijanovic

**Regulation Impact Statement - Certification Letter (final assessment - second pass)**

I am writing in relation to the attached Regulation Impact Statement (RIS) and the one page executive summary prepared for Improving the Stability and Control of Heavy Vehicles.

The regulatory costs to business, community organisations and/or individuals have been quantified using the Regulatory Burden Measurement framework. These have been agreed with your office. I warrant that the portfolio's net regulatory target (Red Tape Reduction) will be met by the end of the relevant reporting period.

I am satisfied that the RIS now meets best practice consistent with the *Australian Government Guide to Regulation*. I submit the RIS to the Office of Best Practice Regulation for final assessment.

I submit the RIS to the Office of Best Practice Regulation for comment.

Yours sincerely

Pip Spence
