Dear Mr Poels

**Certification of independent review: Report of the Review of Australia's Sports Integrity Arrangements**

I am writing to certify that the attached independent Report of the Review of Australia's Sports Integrity Arrangements has undertaken a process and analysis equivalent to a Regulatory Impact Statement (RIS). In addition, the Department of Health has drafted two separate documents to detail the assessment of policy options and proposed implementation and evaluation of the proposal, which are also included as part of this package.

I certify that the review has adequately addressed all seven RIS questions and is submitted to the Office of Best Practice Regulation for publication.

I also note that the regulatory burden to business, community organisations or individuals has been quantified and no offsets are required under the Australian Government's *Regulatory Burden Measurement* framework. These have been agreed with your office and are below.

**Regulatory burden and cost offset estimate table**

Average annual regulatory costs (from business as usual)

Change in costs (\$ million)	Business	Community organisations	Individuals	Total change in costs
Total, by sector	\$ - 467,000	\$	\$50,000	\$ - 417,000

<b>Are all new costs offset?</b>

<b>Total (Change in costs - Cost offset) (\$ million) = -\$417,000</b>				

Accordingly, I am satisfied that the attached report now meets best practice consistent with the *Australian Government Guide to Regulation*.

Yours sincerely
