Dear Ms Stark

Decision RIS - Australian Energy Market Commission - Enhancing operational resilience in relation to indistinct events

Thank you for providing the Office of Best Practice Regulation (OBPR) with the Final Rule Determination and associated Rule titled *National Electricity Amendment (Enhancing operational resilience in relation to indistinct events) Rule 2022*, for assessment as a decision Regulatory Impact Statement (RIS). The OBPR's reference number for this matter is OBPR21-01019. If you have any further queries, please do not hesitate to contact me.

If you have any queries please feel free to contact OBPR.
