Dear Mr Heferen

Regulation Impact Statement – Second-Pass Final Assessment – Better Fuel for Cleaner Air

Thank you for submitting a Regulation Impact Statement (RIS) to the Office of Best Practice Regulation (OBPR) examining options for improving Australia's fuel quality standards for second-pass final assessment on 20 August 2018.

The OBPR's final assessment is that the Department of the Environment and Energy is compliant with the Government's requirements and that the RIS is consistent with best practice. The RIS may now be provided to the decision maker to inform a final decision.

We would appreciate you advising us when a final decision on this proposal has been announced and forwarding us a copy of the RIS in a form meeting the Government's accessibility requirements. The OBPR's reference number for this matter is 20699. If you have any further queries, please do not hesitate to contact me.

Yours sincerely
