Dear Ms Abhayaratna

**Certification as Impact Analysis Equivalent - Mandatory Registration of all National Disability Insurance Scheme (NDIS) Providers Supplementary Analysis Report**

I am writing to certify that the attached reports have undertaken a process and analysis equivalent to an Impact Analysis (IA):

- Mandatory Registration of all National Disability Insurance Scheme (NDIS) Providers Supplementary Analysis Report
- Independent Review into the NDIS Final Report (NDIS Review)
- Provider and Worker Registration Taskforce Advice (Taskforce Advice)
- Productivity Commission *Delivering quality care more efficiently* inquiry report.

I certify that these documents adequately address all seven IA questions for the purposes of informing the mandatory registration of all providers delivering high-risk supports and services to NDIS participants.

I am satisfied that the scope of the problem and the recommendations identified in the Impact Analysis Equivalent are substantially the same as the identified problem and recommendations in the policy proposal.

The regulatory burden to business, community organisations or individuals is quantified using the Australian Government’s *Regulatory Burden Measurement* framework and is provided below.

**Regulatory burden estimate table**

Average annual regulatory costs (from business as usual)				
Change in costs (\$ million)	Business	Community organisations	Individuals	Total change in costs
Total, by sector	\$76.4 million	~ \$0	\$1.0 million	\$77.4 million

**Australian Government**  
**Department of Health,  
Disability and Ageing**

Accordingly, I am satisfied that the attached report is consistent with the *Australian Government Guide to Policy Impact Analysis*.

Yours sincerely

*Mary Wood*
