

Mary Wood  
Deputy Secretary Disability and Carers Group  
Department of Health, Disability and Ageing

Dear Ms Wood

## Certification of Impact Analysis Equivalent – Mandatory Registration of all NDIS Providers

Thank you for your letter of 12 May 2026 certifying the below reports undertook an analysis equivalent to an Impact Analysis (IA).

- *Mandatory Registration of all National Disability Insurance Scheme (NDIS) Providers Supplementary Analysis Report*
- *Independent Review into the NDIS Final Report (NDIS Review)*
- *Provider and Worker Registration Taskforce Advice (Taskforce Advice)*
- *Productivity Commission Delivering quality care more efficiently inquiry report.*

The Office of Impact Analysis (OIA) acknowledges the certification as an Impact Analysis Equivalent (IAE). Under the [Australian Government Guide to Policy Impact Analysis](#), the OIA does not assess the adequacy of the analysis contained in an IAE but does assess whether the options analysed in the certified documents are relevant to the policy proposal. The OIA assesses the IAE for the coverage of the seven IA questions conducted and whether the IAE or certification letter identifies regulatory costs.

In this case, the OIA's assessment is that the options analysed in the IAE are sufficiently relevant to the proposal. The IAE contains Supplementary Analysis prepared by the Department of Health, Disability and Ageing, which further addresses the IA questions.

We would appreciate you advising us when a final decision has been announced and forwarding a copy of the IAE in a form meeting the Government's accessibility requirements. The OIA will publish the IAE, along with your certification, on the OIA's website at [oia.pmc.gov.au](http://oia.pmc.gov.au). The IAE must be included in any Explanatory Memorandum or Statement giving effect to the proposals in the IAE, as stipulated in the [User Guide to the Australian Government Guide to Policy Impact Analysis](#).

If you have any further queries, please do not hesitate to contact me.

Yours sincerely
