

Statement of Sufficiency

I confirm that this Dashboard Impact Analysis (IA) prepared for the **Innovative Business CGT Concession** meets the requirements set out in the *Australian Government Impact Analysis Framework*.

I confirm that the level of analysis is proportionate to the policy issue being considered.

I note the Dashboard IA provides analysis of the impacts of the proposal using the 7 IA questions and:

- a high-level summary of costs and benefits and an estimate in the change in the regulatory burden, of the policy options under consideration
- high-level analysis of the policy option against the government's key strategic priorities
- a summary of relevant distributional effects and evidence of key stakeholder feedback incorporated into the policy design
- other details required to understand and assess the proposal.
